Physical Hydrology for Ecosystems
BEE 3710

Assignment #5: Course Project Proposal (Due 3/10)

Develop a one page (max) proposal for your course project and prepare a five-minute presentation of your idea. Some things to include are (adopted from the USDA National Research Initiative’s request for proposals):

i. a descriptive title
ii. rationale [why is this important or interesting]
iii. hypothesis or goal
iv. specific objectives
v. approach
vi. expected outcomes [what do you think your findings will imply]
