

# Physical Hydrology for Ecosystems

BEE 3710

## **Assignment #5a: Course Project Proposal (Due 3/7)**

Develop a one page (max) proposal for your course project. Some things to include are (adopted from the USDA National Research Initiative's request for proposals):

- i. a descriptive title
- ii. rationale [why is this important or interesting]
- iii. hypothesis or goal
- iv. specific objectives
- v. approach
- vi. expected outcomes [what do you think your findings will imply]

Note: You may work in groups of two (max).
